

THE PROBLEM

+ 260 million
people suffer
from asthma

+ 3 million
People die from
COPD

⚠ Late detection

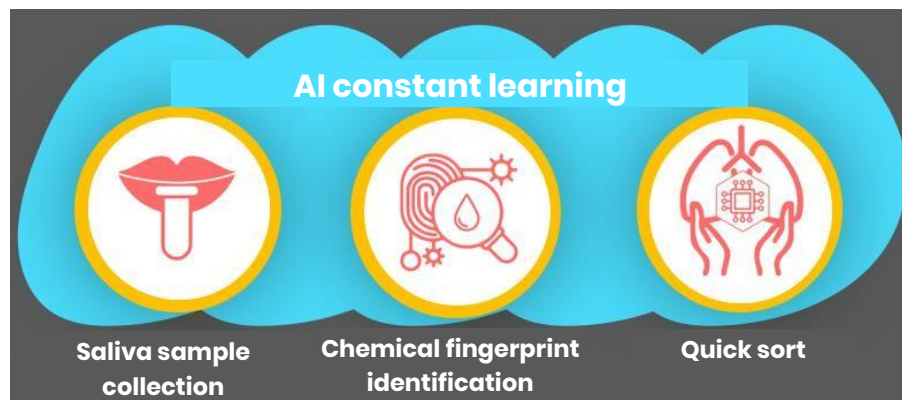

70%

It is diagnosed in the last stages
of the disease

OUR SOLUTION

A simple NON-invasive solution

Platform that uses
saliva for early
detection of
chronic diseases
and patient
classification

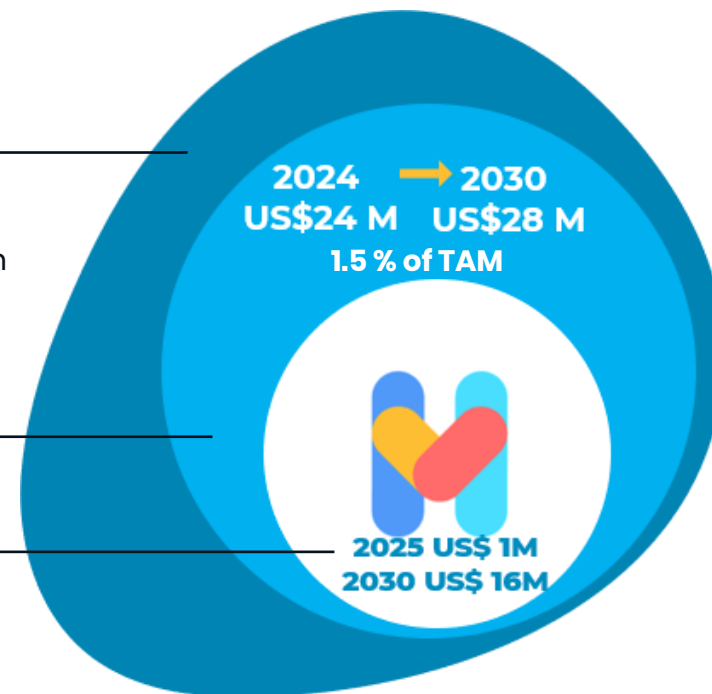

Global AI Market in
Medical Diagnostics

2024 US\$1.6 bn → 2030 US\$5.6 bn

CAGR: 23.2 %

Mexican AI market in
medical diagnosis

SAM and SOM only
respiratory CAGR: 26%

FOUNDING TEAM

TEAM

Scientists, engineers, doctors
and businessmen.

INVESTMENT Funding

Seed round

\$1,150,000 USD next 24 months

Regulatory

Get approval

Marketing and sales

3 regions operating
with at least 2 clients
per region

Operation

Scale services 6x
while maintaining
80% profitability

I + D

Equipment
Infrastructure
Clinical protocols
Materials
Software development
